Frame Depth	4 5/8"
Hardware	Marine-grade, stainless steel precision bearing rollers with sweep sash lock
Track	Marine-grade, non-corrosive stainless steel for optimum EZ-gliding performance

## The ultimate balance of style and utility

The 3500T is a luxury sliding door with premium quality, Elite precision bearings with tandem wheels for easy operational glide. The 3500T is a multifaceted option for any residential projects where exterior or interior sliding doors inhabit. All Arcadia Custom products can be manufactured with simulated divided lites (SDL) design to match the project needs.

## Muntins

Use muntins to create interest or fit particular architectural designs. Arcadia Custom products can be ordered with custom grid patterns in either SDL or TDL options. Additional grid patterns are available.
